6 May 2022

Seminar for Parents on Senior Secondary Subject Selection

The school has been providing senior secondary students with a coherent and diversified curriculum since the launch of the New Senior Secondary Curriculum in 2009. In response to the Education Bureau's recommendations in the New Senior Secondary Curriculum review report released in 2015, measures announced in 2021 for an overall optimization to the 4 core senior secondary subjects and the latest university enrollment requirements, S4 students are required to take 3 elective subjects and/or M2 (Mathematics Extended Part Module 2) in addition to Chinese Language, English Language, Mathematics and Citizenship and Social Development.

The school will organize a talk in the school hall at **9:30-11:30 am on 15 May (Sunday)** to give S3 students and their parents a better understanding of the senior secondary curriculum design and elective subjects. Multiple pathways to tertiary education, strategies for senior secondary subject selection and the latest arrangements on senior secondary subject selection will also be covered. Attendance is compulsory for S3 students and their parents. In compliance with the Vaccine Pass, all visitors entering the school premise are required to have received two doses of vaccine. Parents who do not fulfil such requirement will be arranged to attend a live Zoom session. Students and parents can visit the Education Bureau's website <http://www.edb.gov.hk/334> for the latest information on the New Senior Secondary Curriculum and relevant information.

Should you have any questions about senior subject selection, please fill in the Google Form <https://forms.gle/RCnccGvvrFXV15a27> before 10 May. Responses to the questions will be provided on 15 May. For other enquiries, please contact the form teacher.

Ng Kit Yung
Principal
