2024 – 2025 Issue of Graduation Certificates, Learning Support, Assessment Arrangements for S6 and Mock Exam Schedule

As the school places great emphasis on student' academic performance and conduct, this letter aims to let parents understand the arrangements. The following includes the issue of graduation certificates, learning support, learning assessments and mock exam schedule:

Issue of Graduation Certificates

According to the Student Handbook, S6 students must complete the entire S6 curriculum and sit for the Hong Kong Diploma of Secondary Education (HKDSE) Examination, as well as meet the following criteria, in order to be awarded the graduation certificate:

- (1) Achieve an overall annual average score of 45 or above in the S6 academic subjects;
- (2) Attain a conduct grade and application grade of "Satisfactory" or above;
- (3) Have an absence rate of no more than 20 % of the total school days.
(School days include regular school days and all school activity days.)

Those who do not meet the above criteria will only receive a testimonial and a report card. Even if the overall annual average score in S6 is below the passing grade, students can still be awarded the graduation certificate if they attain Level 2 or above in a total of five subjects (including Chinese and English) in the HKDSE Examination. Parents should continue to monitor their child's academic and behavioral performance, and consult the school if improvement is needed.

Learning Support

The school has arranged after-school tutorial classes and learning groups to provide additional support for students in need, to help them prepare for the HKDSE Examination. The relevant arrangements will be announced on the school's intranet (eClass).

To promote self-directed learning among S6 students and help them prepare for the upcoming uniform tests and mock examinations, the school has set up an after-school self-study room, providing a quiet environment for them to study independently. The details of the after-school self-study room arrangement are as follows:

Dates: September 9 to December 18 (see the attached schedule)

Time: 4:45 pm to 7:00 pm

Venue: School library and Room 305

Students can decide for themselves whether to use the after-school self-study room. The dates and rules for using the after-school self-study room will be published on the school's intranet (eClass).

Assessment Arrangements

The school will conduct one uniform test (UT) and one mock examination (Exam) throughout the academic year, and will issue student report cards for your reference. To allow students to continuously improve their learning and adjust their learning direction through feedback, continuous assessments (CA) will be conducted in each subject. The continuous assessments include various homework, presentations, dictations, quizzes, listening and/or speaking tests, and so on. The assessment details of each subject are as follows:
